## DETAILED ACTION

### *Election/Restrictions*

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claim 2-5, 15-18,19-22, drawn to a liquid crystal having uniaxial crystal and particular containment classified in class 349, subclass 99.
- II. Claim 11-12,24-6, drawn to a liquid crystal having dust cover and second compensator, classified in class 349, subclass 117.

The inventions are distinct, each from the other because of the following reasons:

Inventions I and II are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particulars of the subcombination as claimed because the uniaxial crystal (Claims 2-5,15-18) can be with a twisted material and can be non-parallel tilt (Claims 6-9,19-22). The subcombination may not include a second compensator (Claim 26) and does not need to include a dust cover (Claim 11-12,24-25). The subcombination has separate utility such as using a dust cover in a wrist watch.

Art Unit: 2871

Applicant is required under 35 U.S.C. 121 to elect a single group for prosecution on the merits to which the claims shall be restricted if no linking claim is finally held to be allowable. Currently, claims 1,10,13,14,23 are linking claims.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
